

# PROJECT UPDATE

June 2019

CA0601

Hwy. 70 – Sevier St. (Widening)

## I-30 Construction Progress

### Construction Is Underway

The contractor has started placing concrete traffic barriers within the construction zone along Interstate 30, as well as striping for traffic lanes. This work requires overnight lane closures for the next several weeks.

An **AWIS** (automated work zone information system) is now in operation and displays traffic condition information in the workzone. Message signs along the interstate provide traffic information and direct the traveling public to tune their radios to an AM station for a recorded message about operating speeds and other advisory information.

### Recent and Upcoming Work

- Continued overnight lane closures
- Concrete traffic barrier installation
- Striping for traffic lanes
- Clearing and grubbing
- Erosion control

### Types of Lane Closures To Expect

Type	Roadway	Summary	Days and Times
Lanes Closed	I-30 eastbound and westbound	Traffic reduced to one open lane in each direction within work zone	<b>Eastbound</b> Nights, 9:00 pm - 5:00 am <b>Westbound</b> Nights, 10:00 pm - 6:00 am
Lanes Closed	1. Highway 70 2. Highway 67 3. W. South St. 4. I-30 Frontage Road (east of Saline River)	Traffic reduced to one open lane	Nights, 9:00 pm - 6:00 am
Lanes Closed	I-30 eastbound and westbound	All lanes stopped	On occasion, traffic may be stopped for short intervals, not to exceed 15 minutes, to perform work over interstate lanes

### Construction Overview

**Construction Start**  
May 2019

**Widening to 6 lanes**  
between Hwy. 70 and Sevier Street

**Bridge Construction**

- Highway 70
- Highway 67
- Saline River Relief
- Saline River
- South Street

**Improved Hwy. 67 Interchange**

**Roundabout at South Street**

**Estimated Completion**  
Late 2022
